Garmin GPSMAP 65s

Are you ready to discover the big, wide world? With the robust Garmin GPSMAP 65s, you'll never lose your orientation. Thanks to revolutionary multi-frequency technology and the support of five satellite systems, you'll always know exactly where you are, even in forests, ravines or urban areas. Different from the GPSMAP65, the GPSMAP65s also has a barometric altimeter and a 3-axis compass.

GPS outdoor navigation device that always helps you reach your destination: the GPSMAP® 65s from Garmin

It offers a new quality of positioning with Quad-Helix antenna performance and multi-satellite support as well as wireless connectivity for Active Weather, direct downloads and Garmin Explore compatibility.

Expanded GNSS Support

Multi-band technology and expanded GNSS support (**GPS, GLONASS, Galileo, QZSS and IRNSS**) provide optimal accuracy in steep country, urban canyons and forests with dense trees.

ABC Sensors

Navigate every trail with ABC sensors, including an altimeter for elevation data, barometer to monitor weather and 3-axis electronic compass.

Preloaded Topoactive Europe Maps

Preloaded TopoActive Europe maps provide detailed views of routable street and off-road networks, waterways, natural features, land use areas, buildings and more.

Smart Notifications

Receive emails, texts and alerts right on your handheld when paired with your compatible device.

MicroSD™ Slot

Using your compatible device and microSD memory card, conveniently download TOPO 24K maps and hit the trail.

Geocaching

Get automatic cache updates from Geocaching Live, including descriptions, logs and hints.

Garmin Explore App

Plan, review and sync waypoints, routes and tracks by using the Garmin Explore app and website. You can even review completed activities while still in the field.
